

Marnie Haddad

Marnie Haddad is a Melbourne based leading fashion portrait photographer with a degree from UCLA, Los Angeles, in Graphic Design and Visual Communications, and a Diploma of Illustrative Photography from Photography Studies College, Melbourne.

Marnie's work is elaborate and cinematic. She takes reference from a renaissance palette yet her images remain truly contemporary.

Marnie explores the emotional power of the subject within a staged environment. A modern interpretation of pop culture, in a dream-like state.

Reflecting vulnerability and romantic notions of freedom, interpreted, Haddad captures a dream-like scene to spy into and interpret as your own.

The Dressing Room
