

## Spring Release — 2024 —

*Concentration is always a leitmotif for this estate, but there is freshness and vitality, too, and that is what I dig about the wines.*

—Dave Brookes, Halliday Wine Companion

Our new release accompanies the official start of that most charming of seasons, spring. With winter pruning well behind us, it's a time when all eyes are on the vineyard as we begin to move into a period of growth.

It's also a moment when we get to share with you the labours of years past, and this year's spring release is one that we're immensely proud of. Coming from a set of excellent vintages, the wines are classic Greenock Creek with the added quality enhancement of subtle refinements in both vineyard and winery.
