McIntosh
Estate

Hello everyone & Happy New Year

What a huge month January has been for us here at McIntosh Estate!

For those of you who don't follow us on social media, here's a re-cap:

Our online store (for those who live in Australia) is now live. We have received overwhelming support in this, including from some of you and we thank you so much for your orders. If you haven't already, be sure to go to our website & check it out. We are doing an opening special of 2 for $50 on our medal winning Cabernet Rose. Also, shortly we will be releasing our 2022 Shiraz Cabernet Sauvignon blend.

We are now accepting bookings for private tastings at the vineyard from Sundays to Wednesdays, which can be booked online. Until our cellar door construction has been completed, guests can enjoy an exclusive private tasting of our wines on the veranda. We'll be sure to take you and show some of the vineyard as well while you are here, please share with any friends who might be heading to Mudgee.

Last Saturday we attended our first ever market to sell our wine. Whilst the market was a little on the quiet side, due to the hot weather, the wine was well received by locals. We also learned a lot about how to run a market stall & will make changes before we go to the Lawson Park Markets in Mudgee this Saturday.

Vintage 2024 is rapidly coming to the business end with harvest for Rose expected in the next couple of weeks, with the Cabernet Sauvignon for red wine following a few weeks after that. It's a little earlier than usual, but the fruit looks good.

We are excited to announce that we are making a Blanc de Blanc sparkling Chardonnay this vintage, which should be ready to sell later in the year. The other white wine we are making this vintage is a Vermentino which will also available later this year. For those who are unfamiliar with Vermentino, it is a southern Italian white grape variety usually made in a dry crisp style. As Mudgee has quite a Mediterranean climate it is a variety that grows particularly well here. We are very excited to see how it turns out.

Stay cool in all this hot weather & we look forward to seeing you soon in Mudgee.

Cheers

Janet & Curt
