Making great wine,
not lots of it

About Puddleduck Vineyard

Puddleduck Vineyard is a boutique family owned and operated vineyard and winery, established in 1997 by Darren and Jackie Brown. Our first wines were made in 2003 and we use a very hands on philosophy.

Our winery is energy neutral and we have not used a pesticide in our vineyard since the introduction of guinea fowl in 2004, a fact about which we are rather proud. You will most likely be welcomed by some of our feathered friends as you drive into the vineyard and hear their distinctive call.

We believe that great wine is made in the vineyard, which is why every bottle of our 1800 cases is made using grapes hand harvested, hand pruned and even hand labelled. When you purchase a bottle of our Puddleduck wine, you can rest assured that every single bottle has received the highest level of attention to detail right from the vine to your glass. Bottoms Up!

Duckling

This is our introductory level and offers you the following over a 24 month sign up period:
