

RICCA TERRA

2022 DAISY CHAIN MOSCATO

---VARIETAL MIX---

A blend of Moscato Giallo & Muscat Blanc à Petits Grains

---REGION---

Riverland

---THE STORY---

We are committed to investing in Mediterranean grape varieties and discovering how best they suit our region. We are excited by their unique qualities, ability to adapt to our climate and, of course, their drinkability! Like the flowers in a Daisy Chain, Ricca Terra wouldn't exist without a chain of important people. Our vignerons and winemakers; our bottlers, storage and transportation teams; our distributors and sommeliers; and most importantly you, our customer. The 'Daisy Chain' is our way of acknowledging and thanking everyone for their part in our wine journey, from vine to bottle. "Do you have a sweet wine?" was a common request from many of our customers. Sweet no, but pretty, yes! The White Frontignac gives this wine beautiful floral lifts. The Moscato Giallo and Muscat Blanc à Petits Grains gives floral lifts. This unique blend gives our drinkers the impression the palate will be sweet, however, the surprise is a sophisticated semi-dry finish and flavour-filled wine.

---WINE MAKING---

The grapes are crushed and fermented in stainless steel tanks. This wine is naturally fermented, meaning no added yeast is added to the wine to convert the natural sugars in the grapes into alcohol.
