2009 Cabernet Sauvignon

Region

Mudgee, NSW

Winery Address

Pipeclay Lane,
Mudgee NSW 2850

Variety

100% Cabernet Sauvignon

Vintage Conditions: The 2009 vintage in Mudgee was one of the best this decade, and this wine is a true expression of what we can do in Mudgee. An excellent growing season, followed by a nice dry summer allowed perfect ripening conditions.

Winemaking: This cabernet sauvignon was harvested from our block G vineyard which is on deep clay soils at 520m above sea level. It was fermented in small open fermenters and gently hand plunged several times daily. Maturation was in 30% new French Hogsheads for 12 months.

Tasting Notes: Brick red in colour with aromas of olives and black cherry. The fine grain French oak supports flavours of spicy berry fruits and cassis. Light in alcohol but soft and full bodied, this wine can be enjoyed now or left to mature for 6-8 years. Look out for our Reserve Cabernet Sauvignon for a mature full bodied, richer style of wine.

Analysis:

- Alcohol 13.5%
- Residual Sugar 1.1 g/L
- Titratable acidity 7.2
