2023

WINE CLUB
PREMIUM RANGE

Welcome all, to our first wine club of 2023. This years selections are looking ideal & I trust that you will enjoy them as much as I do.

Jacob Stein

WELCOME TO THE FAMILY

Welcome to all for this, the first Robert Stein wine club of 2023.

This year's Showcase delivery features 2 of our latest creations from our blü hen range, a dry rose & a montepulciano, that have joined our family this past year.

Introducing our blü hen range.....

The blü hen series tells the story of Jacob Stein & his winemaking team's innovative series of unique, juicy, modern wine styles in a vibrant, colourful way. Blühen means 'to bloom' in German. The blü hen series focuses on this meaning in an abstract way.

Think evolving, sensory enjoyment of tastes, adventure, creativity & uplift.

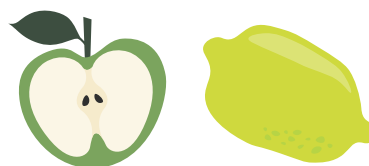

It's about the pleasure of wine adventurers discovering & sharing new wine styles that bring to life the palette & open up a whole new spectrum of intense flavours bursting off the tongue. These are innovative wine styles for those seeking the new.

The series is inspired by Jacob's vision for breaking away in pursuit of something new & exciting, a meeting of minds and shared skills. It's a result of years of collective winemaking experience with the team at Robert Stein Winery in Mudgee alongside shared experiences collected from Jacob's winemaking travels around the world. It's about the unfurling of new growth & of passion, tradition, innovation & the land that all combine to create wonderful new possibilities.

This series celebrates forging ahead into innovation, with one foot firmly placed in tradition. The handing down of winemaking from Stein generation to generation is symbolised by the illustration on the back of the label, the father's hand passing down the vine to the son's.

2022 DRY RIESLING

A classic dry Riesling, with all the mouth puckering lime & fruit characters you would expect.

Another vintage that has big shoes to fill on the back of the numerous gold medals and trophies that are now synonymous with Robert Stein Riesling.

The 2022 has many similar characteristics to previous vintages & shows Riesling can still perform exceptionally well in cooler years. With a crisp finish and incredible length

WINE MAKERS COMMENTS

I think we have once again made an excellent version of our dry Riesling. One to watch for the future

As always, Oysters and prawns with fresh lemon are a great match or try it with some fresh tuna that has been pan-seared.

CELLARING POTENTIAL

Great now, but will live for another 8-12 years.

This wine will age beautifully.

2022 PRESERVATIVE FREE ORGANIC THRID GENERATION CHARDONNAY

An approachable style of Chardonnay with fruit flavours at the fore and a well-integrated oak style.

A modern style of chardonnay that is Preservative Free and Organic certified, with a clean, crisp finish. First introduced by the Third Generation Stein - Jacob, with the aim to produce a more approachable style of Chardonnay with fruit flavours at the fore and a well-integrated oak style. Notes of citrus, orange pith & grapefruit, with subtle oak influence & a crisp finish.

WINE MAKERS COMMENTS

Another good wine in the evolution of our 3G Chardonnay. The youth of this wine contributes to its brightness and freshness.

This is a wine well suited to any chicken dish, roasted or barbequed. In winter it will complement those rich, creamy pasta and soup dishes.

CELLARING POTENTIAL

No need to age this wine, drink it over the course of the year.

2022 blü hen rosé

The blü hen rosé is crisp & dry, made from Sangiovese fruit with hints of bramble and lime zest

This label is all about the crisp green in the vineyard, the unfurling of new growth. The bloom in viticultural terms protects the new growth and its vitality, so this label celebrates nature in all its freshness, vibrance and youth. This wine is about innovation & the unfurling of new possibilities. Minimal skin contact during the process & unfiltered, the approach has been low intervention and let the fruit shine.

WINE MAKERS COMMENTS

XXXXXXXXXXXXXXXXXXXXXXXXXX

This is a wine well suited to crispy skin salmon or even some lazy spicy nachos

CELLARING POTENTIAL

No need to age this wine, drink it over the course of the year.

2021 PRESERVATIVE FREE SHIRAZ

The palate is medium bodied in intensity and we have softened the tannins to produce a very drinkable wine to match it's youthfulness.

A young fresh style of Shiraz, with brilliant dark purple colour. There is plenty of berry fruit, with violet and plums on the nose. The palate is medium bodied in intensity and we have softened the tannins to produce a very drinkable wine to match it's youthfulness. This wine is also Organic and Vegan suitable

WINE MAKERS COMMENTS

A nice early drinking style, full of fresh red fruits. This wine is becoming very popular amongst our fans.

This Shiraz would match ideally with Charcuterie, Tapas and other flavour rich, salty dishes.

CELLARING POTENTIAL

A drink now style red.

2022 SHIRAZ

Lifted red berry & spice notes flow off the bouquet, while the smooth palate structure features rich dark berry & chocolate flavours.

This juicy & flavour-filled vintage was used to craft a marvellous Shiraz wine showing a bold violet-red hue. Displaying dark berry fruits, dark plums with hints of coconut & Vanilla.

Medium tannins on the back palate give it great length of flavour.

WINE MAKERS COMMENTS

This is a good solid shiraz. It's only medium-bodied but packs plenty of flavour, tannin, oak & all the stuffing necessary.

Pair with Roast lamb or beef with all the root veggies & trimmings or seared tuna for something different.

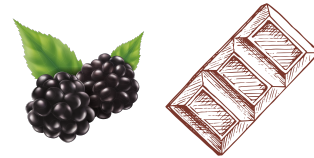

CELLARING POTENTIAL

Drink now or cellar for short to medium term 4-6 years.

2021 CABERNET SAUVIGNON

Cabernet Sauvignon displays a burst of fruit flavours to start, light to drink with heavy fruit berries throughout.

The 2021 Cabernet Sauvignon displays dark berry with hints of dark chocolate, and supple tannins leading to a great length of flavour.

WINE MAKERS COMMENTS

This was a great Cabernet vintage for us in Mudgee. It's a nice mid-weight cabernet with plenty of varietal punch and I think it's very good value.

This Cabernet will make a great match to any rich braised beef dish, a prime cut of steak – Wagyu if you can get it – or a winter comfort meal of lamb shanks with a side of creamy mashed potato.

CELLARING POTENTIAL

Drink now or cellar for short to medium term 4-6 years.

THANK YOU

FROM OUR FAMILY TO YOURS

I trust you will enjoy your Wine Club selection & I thank you for your continued support.
